# Introduction

## Foreword

In order to provide specific information about certain policies and procedures relevant to being an SWL student, this handbook was developed. It is important that you take time to read and understand the information shared within this handbook. The majority of the information in the handbook is universal and applies to all SWL students, however some information is level specific. If you have any questions regarding information within the handbook, please contact the building administrator first for clarification. Please note: if any policies or administrative guidelines referenced in this document are revised, the language in the most current policy or administrative guideline prevails. Current board policies are available on the district's website.

## Mission Statement

The mission of Southwest Licking Local Schools is to assure that all students are prepared to be lifelong learners who possess a sense of self-worth, critical thinking abilities, and necessary life skills enabling them to solve problems, adapt to change, and be productive citizens.

The mission will be accomplished by a skilled and dedicated staff providing personalized instruction with family and community support and participation by students in safe, modern facilities where quality educational and technological materials are the standard.

## Philosophy Statement

The Southwest Licking School District believes that the educational process is a cooperative effort between the school, the home, and the community. Each individual student will be accepted into the educational program as a person of unique individual worth, taking into consideration his/her personal goals, capacity for learning, and growth patterns. The student will be provided with a stimulating, wholesome environment, and opportunities for learning experiences that will challenge the individual to strive toward the development of his/her highest individual potential. Since education is a lifelong process, the school system will prepare the student to become a perpetual learner in our ever-changing society.

Education must address the development of the whole child. Therefore, the schools will provide learning experiences which will contribute to the mental, physical, emotional, moral, and social development of the student. The school will provide the opportunity for the learning of basic skills such as reading and mathematics, vocational and scientific training, love of country, appreciation of the arts and humanities, creative expression, and use of leisure time. Along with this, the schools will prepare the student for a democratic way of life and citizenship. This will include developing positive values with a respect for justice, law, property, and the rights, feelings, and opinions of others.

# Attendance

## Attendance Philosophy

It is the philosophy of the Board of Education of the Southwest Licking local School District that attendance is the responsibility of the student and his/her parents/guardians. The responsibility of the School district is to provide instruction.

Frequent absences of students from learning experiences during the school year disrupt the continuity of the instructional process and result in decreased academic interest and achievement.

## Attendance Policy

Ohio revised Code Section 3321.04, Compulsory Attendance Law states:

Every parent of any child of compulsory age (between 6 years and 18 years of age) who is not employed under an age and schooling certificate must send such child to a school or a special education program that conforms to the minimum standards prescribed by the State Board of Education. The child must attend for the full time the school or program is in session.

The primary responsibility for school attendance rests with the student and then with the parents/guardians. The parent/guardian is responsible for permitting only excusable absences as identified by the State Department of Education and the Southwest Licking Local School District. This includes notification to the school of the absence.

## Attendance Officer Role

The attendance officer is an employee of the Licking County Juvenile Court and Licking County Educational Service Center. The attendance officer is responsible to conduct investigations of student attendance following referral by the school. The officer is charged with investigating student records, conducting interviews with school officials, students, and parents/guardians; informing all parties of the laws of compulsory school attendance and making appropriate referrals as necessary.

Excused absences per Ohio Revised Code Section 3321.04 are as follows:

- Personal illness (a written physician's statement may be required)
- Illness in the family necessitating the presence of the child
- Quarantine of the home
- Death in the family
- Necessary work home due to absence or incapacity of parent(s)/guardian(s)
- Observation or celebration of a bona fide religious holiday
- Such good cause as may be acceptable to the Superintendent

Southwest Licking Local School District also recognizes the following:

- Pre-arranged and pre-approved vacations (one week in advance) may be considered excused up to 65 hours (year to date) at the discretion of administration. The form can be found at <http://www.swl.k12.oh.us/Downloads/Family%20Vacation%20%20Trip%20Authorization%20Form.pdf>
- College visitation
- Special administrative permission (not to exceed more than two times per year)
- Court appointment

The following list of excuses is examples of, but not an exhaustive list of reasons for unexcused absence:

- |  |   |
|--|---|
| ● Truancy                                  | ● Absent from school but able to be away from home after school hours |
| ● Tardy                                    | ● Appointments other than doctor or dentist (tanning, hair etc.)      |
| ● Oversleeping                             | ● Baby-sitting  |
| ● Visiting                                 | ● Job interview   |
| ● Shopping                                 | ● Car Trouble   |
| ● Missing the school bus or ride to school |   |

### Elementary School Hours

- Doors Open: 8:35 am
- School Day Begins: 9:00 am
- Dismissal: 3:25 pm

Students should not arrive at school more than five minutes prior to the start of the day. If a student arrives prior to the school day they do so at their own risk as **there is no staff supervision at this time.**

### Parent Contact Regarding Student Absences

If a student is absent from school, a parent or guardian must notify the office to inform the school of their student's absence. Without this notification, Ohio law requires that the school shall make at least one attempt to contact a student's parent or guardian. Contact shall be made through one of the following methods:

- A telephone call placed in person
- An automated telephone call
- A notification sent through the school's automated information system
- A text-based communication
- A notification sent to the email address of the parent or guardian
- A visit, in person, to the students residence of record

## Absences, Tardiness and Truancy

## Illness While at School

If a child has a serious accident or illness at school, the parents will be notified to come and get the child. In general, health services standards suggest that a child with a temperature of 100° or greater should be kept home. At the beginning of each school year, parents are asked to complete an Emergency Medical Authorization form designating the person, doctor, or hospital to be called in case of an emergency and parents cannot be reached.

## Early Dismissal of Students

When parents have occasion to take pupils out of school during the school day, the following procedure should be followed:

1. If it is known in advance that the child needs to leave school, parents should send a note to the teacher. At the time the child is to leave, parents must report to the office and the child will be called to the office and dismissal will take place from the office. To make afternoon dismissal procedures more efficient, report all dismissal changes to the school office by 2:50 p.m.
2. Parents, guardians, or the responsible person assigned by the parent to pick up the child at school must sign out that child in the office. The person picking up the child will be asked to show picture identification such as a driver's license.

3. Any person other than the parent or legal guardian who is picking up a student must be listed on the child's emergency card. Otherwise, a parent must send in a note or call the school to give approval for the child to be released.

### **Withdrawal from School**

Parents need to notify the school office several days in advance of withdrawing from school. All fees must be paid and books and materials must be returned upon withdrawal from school. In accordance with O.R.C. 3313.642, failure to pay fees and fines may result in the withholding of grades and credit.

# Code of Conduct

## Important Notices

The purpose of discipline is to develop self-control, character, orderliness, and respect. It is a necessary part of the educational process and school environment. The school environment includes school sponsored activities (dances, field trips, etc.). With an understanding of the purpose of discipline in a school, a better student attitude can develop. Listed below are some of the consequences (not in any order and not in total) for violations to the student code of conduct. Depending on the number of violations a student can be considered a repeat offender and the consequences will become more severe. The principal and/or assistant principal have the authority to suspend. In case of an out-of-school suspension, you will be given a written notice of the intention to suspend which will contain the reasons for the suspension, and due process will be administered. Students who are suspended from school are not permitted to attend any school activities or any school events or be on school grounds during their suspension time.

**Discipline of Students with Disabilities** - Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Improvement Act (IDEIA), and, where applicable, the Americans with Disabilities Act (ADA), and/or Section 504 of the Rehabilitation Act of 1973.

**Notification of Criminal Activity** - School staff may report suspected criminal misconduct by a student to law enforcement, including our SRO. Law enforcement officers will be permitted to carry out necessary law enforcement functions in the schools, including removing a student from school grounds in appropriate circumstances.

**Surveillance** - For student safety and welfare, video surveillance cameras are placed throughout the district in buildings, on school grounds, and on buses. Actions recorded on these cameras may be used as evidence in disciplinary action and these records will remain in possession of the school / district.

## Discipline Options

- Verbal warning/reprimand
- Written warning/reprimand
- Restorative Justice
- Restitution
- Restrict or remove privileges
- Detentions (before/ lunch /after school)
- Parent phone call
- Written letter sent home
- Student contracts
- In-School Suspension
- Parent/teacher conference/administrator

- Request for parent visit to classroom to monitor behavior
- Referral to **RTI team (Response to Intervention)**
- Referral to counselor/school psychologist
- Emergency removal from classroom/building
- Out-of-school suspension (student may continue to do school work for full credit)
- Send student home to change clothes
- Recommendation for expulsion
- Referral to juvenile court
- Notify appropriate law enforcement agency

### **Scope of Jurisdiction and First Warning**

This code of conduct is in effect while students are under the authority of school personnel or involved in any school activity. This includes but is not limited to school buses and property under the control of school authorities, and while at interscholastic competitions, extracurricular events, or other school activities or programs. In addition, this Code of Conduct includes:

- 1) Misconduct by a student that occurs off school district property but is connected to activities or incidents that have occurred on school district property
- 2) Misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of an official or employee.

Student possession of these rules constitutes a first warning. No further warnings will be given. Any student who repeatedly violates the provisions of this conduct code will be subject to increasingly severe disciplinary actions and/or referral to a law enforcement agency and will be defined as a repeat offender.

### **Due Process and Right of Appeal**

When a student is being considered for an out-of-school suspension by the superintendent, principal, or another administrator:

- The student will be informed in writing of the potential suspension and the reasons for the proposed action.
- The student will be afforded an opportunity for an informal hearing to challenge the reasons for the intended suspension or to explain his/her actions.
- An attempt will be made to notify parents or guardians by telephone if a suspension is issued.

Students will be permitted to make up classwork, tests, papers, and/or major projects missed while serving an Out-Of-School Suspension for at least partial credit.

If the assignment of school discipline is served entirely in the school setting, it will not require any notice or meeting or be subject to appeal.

The pupil, parent, guardian or legal custodian may file an appeal of the administrative decision to suspend or expel a pupil to the Board of Education or designees. A notice of appeal in writing must be filed within 5 days (suspension) or 14 calendar days (expulsion) of the formal written notice of suspension or expulsion. Failure to timely file an appeal in this manner waives any right to appeal the suspension or expulsion.

### **Questioning of Students**

The school is committed to protecting students from harm that may be connected with the school environment and also recognizes its responsibility to cooperate with law enforcement and public child welfare agencies. While the school believes these agencies should conduct their investigations off school property if possible, investigations can take place at school in some situations or if the violation being investigated occurred on school property.

Before students are questioned as witnesses or suspects in an alleged criminal violation, the building administrator will attempt to contact a parent or guardian prior to questioning and shall remain in the room during questioning.

If a student is questioned as the subject of alleged child abuse or neglect, the building administrator will and/or guidance counselor will remain in the room during questioning and attempt to make contact with the parent or guardian. If the agency investigating the alleged child abuse or neglect suspects the parent is the perpetrator, neither parent will be contacted prior to questioning, but the building administrator (or designee) will remain in the room during questioning.

If law enforcement or children's services agency removes a student from school, the building administrator will make an attempt to notify the parent if permitted to do so.

### **School's Right to Search**

School authorities are charged with the responsibility of safeguarding the students in their care. To that end, school authorities may search a person or property (including vehicles, purses, backpacks, gym bags, etc.) of a student, with or without the student's consent, whenever they reasonably suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age.

### **Code of Conduct Violations**

1. ASSAULT/FIGHTING - A student shall not cause physical injury or behave in such a manner to cause physical injury to anyone in the school environment or physically attack another with little or no provocation.
2. BARRICADES (SAFETY DEVICES) - Each room is equipped with a classroom barricade which is attached to the wall. Students are not permitted to handle or misuse these devices at any time.
3. BULLYING

Bullying behavior by any student in the Southwest Licking School District is strictly prohibited. "Bullying" in accordance with Ohio House Bill 276 & 116, means any intentional written, graphic or physical act including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless handheld device, either overt or covert, by a student or group of students toward other students/school personnel with the intent to harass, intimidate, injure, threaten, ridicule, or humiliate. It may also include violence in a dating relationship. Such behaviors are prohibited on or immediately adjacent to school grounds, or at any school sponsored activity, on school provided transportation, or at any official school bus stop. It includes behaviors that a reasonable person under the circumstances should know will have the effect of:

- A. Causing mental or physical harm to the other student/school personnel including placing an individual in reasonable fear of physical harm and/or damaging of students' personal property; and,
- B. Is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel.

### **Harassment Guidelines**

It is the policy of the Southwest Licking Local Board of Education not to discriminate, in violation of federal or state law, on the basis of race, color, national origin, ancestry, religion, sex or activity sponsored by the Southwest Licking School Board of Education.

A student/employee shall abide by the board's Nondiscrimination and Anti-Harassment Guidelines. Prohibited discrimination or harassment includes, by way of example, slurs, verbal or physical conduct of a sexual, harassing, or discriminatory nature, intimidation by threats of or actual physical violence, verbal or physical conduct commonly understood to convey hatred, contempt or prejudice or to insult or stigmatize an individual, unwelcome sexual advances or requests for sexual favors, solicitation of sexual activity or reference to sexual themes in a manner discriminatory or harassing verbal, nonverbal or physical conduct, which is based on the recipient's race, color, national origin, ancestry, citizenship, veteran's status, religion, disability, age, gender or sexual orientation.

Students who have reason to believe that harassment or discrimination has occurred should promptly report the incident to the building principal or the Civil Rights Coordinator. Employees should promptly report to a building principal (or immediate supervisor if the employee is not assigned to a building) or Civil Rights Coordinator. The board's Nondiscrimination and Anti-Harassment Guidelines provides a complaint procedure for making a complaint of discrimination or harassment. Retaliation against any individual who files a complaint or participates in an investigation is prohibited. For further information about the board's Nondiscrimination and Anti-Harassment Guidelines or the applicable complaint procedures, please contact: **Superintendent**, 927A South Street, Pataskala, OH 43062. Phone number: (740) 927-3941.

### **Dress Code**

Selection of school dress is a parental responsibility. Parents should be discreet in selecting school clothes. Because of safety concerns, students are not permitted to wear flip-flops and shoes called "heelys". Distracting types of clothing and hairstyles that disrupt the educational process are not permitted in school. In the upper grades distracting clothing may include, for example, tank tops, bare midriffs, spaghetti straps and short shorts/skirts/dresses (should be fingertip length when standing with arms at sides). Hats/Hoods are not permitted to be worn inside the building unless it is a designated "hat day" by the administration. Please encourage your child to dress neatly, appropriately, and in accordance with the weather. School staff will offer alternative clothing or call home for a change of clothing if it is warranted.

## **Cafeteria Rules**

Southwest Licking Elementary Schools have a closed lunch. Students are not permitted to leave the school grounds.

Students bringing lunches from home are required to eat in the cafeteria. Healthy snacks and beverages are also available for purchase. According to the District Wellness Policy students are not permitted to bring soda or energy drinks. These items may be discarded if brought to school. Due to food allergies and health conditions, food purchased or brought from home can be consumed only by the student and not shared.

Our goal is to provide students adequate time to eat lunch, therefore, meal payments are required in advance and are not taken during meal service. Parents are able to send in a check or cash payment on the day of service, provided it is in an envelope or baggie with the students name on it. This will be given to the teacher in the morning and applied to their account prior to meal service. There is also, an online prepay option available at [www.myschoolbucks.com](http://www.myschoolbucks.com). The online prepayment option provides a “bonus” meal when a 20 meal prepayment is made, and also can be set up to notify parents via email when their account balance is low.

Parents and students should not expect to charge lunch payments. Please be advised that our current meal charge policy only allows for charging up to 3 meals, and after the 3 charge maximum is reached a “courtesy meal” is provided. The courtesy meal consists of a cheese sandwich and orange juice. Parents will be notified via our automated calling system when their account is in arrears to avoid the courtesy lunch being received.

Applications for free and reduced lunches can be completed online at: [www.schoollunchapp.com](http://www.schoollunchapp.com). Applications are also available by request at any school building front office. Should you have any questions regarding the breakfast or lunch program please call 740 927-3941 and ask for Food Service.

Menus are now mobile. Download the NutriCafe app. from the iTunes or Google play store. You will find menus, nutrition information and any menu changes.

A student may be suspended from school bus/vehicle riding privileges for all or part of the school year for any violation of established regulations for bus conduct and/or for conduct occurring on the bus/vehicle in violation of the Student Code of Conduct.

Disciplinary suspension periods will be commensurate with the infraction(s) committed as determined by the director of transportation or designee.

## **Curriculum, Instruction, & Assessment**

Southwest Licking Local Schools offer many services to ensure equal opportunity for all children, including enrichment services, early childhood education, academic intervention, reading support programs, services to support English language learners, home instruction, special education and related services such as speech and language therapy, physical therapy, occupational therapy, adapted physical education services, psychological services, mental health services, and transportation. Support is also available through our school counselors, school nurses, social services, and alternative education opportunities.

The district provides all necessary instructional materials and assesses fees when appropriate for consumable supplies. Each student is responsible for all instructional materials loaned to him or her, and is expected to return all instructional materials at the end of participation in the course. Students will be responsible to pay for any instructional materials that are lost, destroyed, stolen or damaged.

### **School Counselor Services**

The counselors at the elementary level help students achieve success through academic, personal, social and career development. There is a school counselor on staff in every elementary building in Southwest Licking Local School District. School counselors are professional educators who assist students in the development of their self-concept, decision making skills, communication skills and character. Elementary counselors provide services through a variety of different methods, including individual counseling, group counseling and classroom-based lessons. School counseling is part of the regular educational services and is available to students without parent consent. Confidentiality is maintained for students who receive school counseling support, unless there is a concern involving the student's safety or the safety for someone else. For students who also receive outside counseling services, parents and guardians may choose to sign a release of information to allow for collaboration between school counselors and outside professionals.

### **Gifted Services**

The state of Ohio requires school districts to identify students for potential areas of giftedness. Students are identified as gifted in cognitive ability, special academic achievement areas, and/or visual/performing arts areas through state approved assessments procedures and creative thinking through state approved assessment procedures. SWL provides a continuum of services to support the varying instructional and social emotional needs of gifted learners.

For additional information, please visit the district's website.

### **Field Trips**

The Board of Education recognizes that field trips, when used for teaching and learning integral to the curriculum are an educationally sound and important ingredient in the instructional program of the schools. In order for your child to benefit from these activities, appropriate behavior from all students is

necessary. SWL reserves the right to prohibit students from attending field trips because of disruptive behavior.

Parent permission is required in advance of field trips. Students will travel by school vehicles unless otherwise approved. Students will only be released during the course of the trip to parents or guardians. These releases should be made in advance by submitting a written request to the teacher. In addition, parents will be asked to sign out their child at the time of departure.

### **Homework**

"Homework" refers to those assignments prepared by the student outside of the school or independently while in attendance at school. The Board of Education acknowledges the educational validity of out-of-school assignments as extensions of the instructional program.

### **Textbooks**

All textbooks are the property of the Board of Education. They are loaned to the student free of charge. A student is responsible for the care of the free textbooks issued to him. In case of damage or loss, the student must pay for repairing or replacing the book. Please note that records may be withheld if books are not returned.

## Technology Usage Policy

# Grading

## Grading Philosophy

Grades are intended to be an accurate description of a student's progress toward meeting the academic standards/expectations for a specific course or graded level subject. Teachers use a variety of methods during the course of a grading period to gather evidence of student progress. This data is routinely recorded in the district's web based grading program, Progress Book. Parents may access this information at any time by registering for a Progress Book username and password. Using primarily the summative assessment data that was collected during the grading period, teachers assign the descriptor that most accurately describes the student's progress in meeting the standards/expectations of the course or grade level.

## Performance Levels

In grades K-3 the following progress descriptors are used.

- M = Meets the grade level standard. - The goal for all students is to meet the academic standards/grade level expectations. Students who receive an M have a proficient understanding of the course/grade level content and consistently perform at a high level.
- P = Demonstrates progress toward meeting the grade level standard. - The letter "P" indicates the student has basic understanding and is partially proficient at meeting grade level expectations. The student understands the basic concept or skill, but has not yet reached the proficient level. The student's performance varies in consistency with regards to accuracy, quality, and level of support. There is still a little work to be done in this area.
- R= Demonstrates limited understanding of the grade level standard. - The letter "R" indicates the student has minimal understanding and does not meet grade-level expectations. The student's performance is inconsistent even with guidance and support. Students receiving an "R" will need additional support and/or interventions in order to make the progress needed to meet the grade level expectations.
- E = Exceeds grade level standard. - The letter "E" indicates the student has advanced understanding and exceeds grade level expectations. A student receiving a "E" demonstrates academically superior skills in that specific area. This student applies learning and concepts in new and varied ways, challenges him or herself to think deeply to make connections, and demonstrates this advanced knowledge at school.
- I = Required work not completed. - In rare cases, a student may not have completed enough work for the teacher to accurately describe his/her progress. In this case students are expected to complete the necessary work.
- NA= The standard was not assessed this grading period.

In grades 4-5 the following grading scale is used.

	<b>PERCENT RANGE</b>	
<b>MARK</b>	<b>STARTING %</b>	<b>ENDING %</b>
<b>A</b>	<b>92.50</b>	<b>100</b>
<b>A-</b>	<b>89.50</b>	<b>92.49</b>

<b>C+</b>	<b>76.50</b>	<b>79.49</b>
<b>C</b>	<b>72.50</b>	<b>76.49</b>

Additional information on grades and grade reporting may be found on the district's website.

### **Classroom Placement**

At each school, students in each applicable grade level are divided into the available number of classes of equal numbers to the extent possible. Adjustments from this assignment may be made on the recommendation of the teacher for educational purposes and only after taking into consideration the following criteria, in no particular order of priority:

- A. ability and performance
- B. social and emotional development
- C. learning styles
- D. personalities of students and teachers
- E. interactions with other students
- F. male/female balance

The student's principal has the ultimate authority regarding student placement decisions.

### **Alternative Learning Activities for Opt-Out Students**

Situations may arise in which the parents have requested that their child not participate in a particular instructional activity. Board of Education policy authorizes that such requests are to be honored if the reason relates to a conflict between the subject matter and religious or philosophical beliefs held by the parents. Requests may not be honored, however, if the reason relates not to subject matter but to pedagogy or other concerns. In such cases, the parent should be referred to the Superintendent.

When a student is to be excused from an activity, the teacher should:

- A. prepare an alternative activity in the general subject area which the student can work at on his/her own to reinforce and/or extend acquired learning of content and/or skill or develop new knowledge or skill;
- B. arrange for a work location for the student that is properly supervised and provides access to help, if and when needed;
- C. try to ensure that there are no repercussions for the student either academically or socially as a result of not participating in the regularly-scheduled activity;
- D. keep a record of the alternative activity for communication with the parents, if such information is requested.

### **Report Cards**

Report cards will be available on Progress Book one week after the end of the quarter, as indicated on the district calendar. Progress reports will be available on Progress Book at the midpoint of each grading period. There are directions on how to access Progress Book for your child on the Southwest Licking District Website's elementary pages, under the heading "Progress Book".

### **Retention Policy**

Passing and Failing (all grades):

Efforts shall be made to remediate a student's difficulties and to inform parents in advance of a student's possible retention. Further, relevant staff members shall be consulted and involved in a student's promotion, placement or retention; however, that decision is the responsibility of the student's principal with parental right of appeal to the superintendent. The decision rendered by the superintendent is final.

Final decisions concerning promotion/retention are the responsibility of the administration.

# Health & Safety

## Health Regulations

### Emergency Medical Authorization

State law requires all students to have an Emergency Medical Authorization Form completed and signed by his/her parent or guardian. Please notify school office personnel immediately when there is a change of address, phone, custody, emergency phone number, etc. These records are very important in case of an emergency. *Please note your children cannot be released to anyone other than those designated on the emergency medical form and your children can not attend school or participate in any off-school activity without a completed emergency medical authorization form.*

### Immunization Requirements

In order to safeguard the school community from the spread of certain communicable diseases and in accordance with the Ohio Revised Code, upon enrollment to the Southwest Licking Local Schools, students must provide written documentation of vaccination against the following diseases: Diphtheria, Tetanus, Pertussis, Polio, Measles, Mumps, Rubella, Hepatitis B, and Varicella. These requirements will be in accordance with the Immunization Summary for School Attendance as established by the Ohio Department of Health.

### Classroom Snacks

In an effort to protect each child's safety, ALL 3 Elementary buildings will only permit peanuts and tree nuts in the cafeteria and the staff lunch/break room. All instructional spaces (classrooms) will be nut free. There is a lengthy list of alternative snack choices that can be found on our building websites or using this link: <https://snacksafely.com/snacklist-20180323.pdf>. If your son/daughter has a peanut, tree nut or food allergy, please contact your child's school to share the information.

### Control of Noncausal-Contact Communicable Diseases

The Board of Education seeks to provide a safe educational environment for both students and staff. It is the Board's intent to ensure that any student or member of the staff who contracts a communicable disease that is not communicated through casual contact will have his/her status in the district examined by an appropriate panel of resource people and that the rights of both the affected individual and those of other staff members and students will be acknowledged and respected.

### Control of Communicable Diseases

The control of the spread of communicable diseases is essential to the well-being of the school community and to the efficient operation of schools.

Communicable diseases include smallpox, diphtheria, scarlet fever, and other strep infections, hepatitis, whooping cough, mumps, typhoid fever, measles, rubella, AIDS, and others as designated by federal or state health authorities.

To protect the health and safety of students, school personnel, and the community at large, Board of Health regulations which pertain to communicable disease are followed. A child, who has been diagnosed with bacterial infection such as strep throat, skin or eye infections, must be on antibiotic therapy for 24 hours before returning to school. A child should also be without a fever (temperature of 100° or greater) or have not vomited for 24 hours before returning to school. On the recommendation of the school nurse, any student who appears to be ill or who has been exposed to a communicable disease may be excluded from the classroom, the building, or isolated within the school.

### **Head Lice**

A child that is found to have head lice must undergo proper treatment with a lice-killing shampoo before returning to school. Parents will be notified and given instructions for proper treatment. Upon returning to school the child must be checked by the appropriate school personnel.

Parents can avoid recurrences and limit transference to other family members by checking their child's head regularly for signs of infestation.

### **Health Screenings**

Every year students in Kindergarten, 1st, 3rd, and 5th grades are screened for possible vision and hearing problems. Parents are contacted if a discrepancy is noted during this screening, and will be advised of the possibility that further testing may be required.

### **Medication**

Many students are able to attend school regularly only through effective use of medication in the treatment of disabilities or illnesses that will not hinder the health or welfare of others. If possible, all medication should be given by the parent at home. If this is not possible, it will be administered accordingly:

1. Students are not to possess any medications. Emergency medication, such as an epi pen or inhaler, shall be in a student's possession only if the student has prior written permission from his/her parent AND physician and has a "Self-Administration of Medication" form on file in the office. All other medication must be administered through the main office.
2. An appropriate person appointed by the building principal will supervise and secure the proper storing and dispensing of medications. The drug must be received in the container in which it was dispensed by the prescribing physician or licensed pharmacist. Aspirin must be treated as a prescription medication because of its link to Reye's Syndrome.
3. Written permission on the "Parental Release for the Administration of Medication At School" form must be received from the parent or guardian of the student, requesting that the School District comply with the physician's order.

4. The designated individual must receive and retain a statement, which complies with O.R.C. 3313.713 and is signed by the physician who prescribes the drug. These forms are available in each school and MUST be sent with prescription medication.
5. The parent, guardian or other person having care or in charge of the student must agree to submit a revised statement signed by the physician who prescribed the drug to the nurse or other designated individual if any of the information originally provided by the physician changes. Whenever possible, prescription medicine and signed permission forms should be delivered to the school office by the parent/guardian.
6. No employee who is authorized by a Board of Education to administer a prescribed drug and who has a copy of the most recent physician's statement will be liable in civil damages for administering or failing to administer the drug, unless she/he acted in a manner that would constitute "gross negligence or wanton or reckless misconduct."
7. *Non-prescription medication (i.e. Tylenol, Advil, Caladryl, cough drops etc.) must be brought to the office when the student first enters the building. Medication shall not be brought by the student on the bus. In order for the non-prescription medication to be dispensed at school, it must be accompanied by a completed and signed "Parental Release for the Administration of Medication at School" form. These forms are available from the office. All faxed orders must be followed by the original form within three (3) days or the medication will not be given. Whenever possible, non-prescription medicine and signed permission forms should be delivered to the school office by the parent/guardian.*
8. No person employed by the Board of Education will be required to administer a drug to a student except pursuant to requirements under this policy. The Board of Education shall not require an employee to administer a drug to a student if the employee objects, on the basis of religious convictions, to administering the drug.

### **Non-Smoking / Vaping Information**

The Ohio Department of Health prohibits smoking in all enclosed public places within the state. SWL is committed to providing students, staff and visitors with a smoke-free environment. Smoking and vaping is expressly prohibited in all SWL buildings, on school property, on the school bus and at events occurring off school property if the student is at any school-sponsored, school-approved, or school-related activity or function, such as field trips or athletic events.

### **Required Drills**

These drills will be practiced at each school building. Students will learn how to respond to each situation and will become familiar with the prevention of injury or loss of life in case of fire, tornado or intruder emergency.

## **Role of the School Nurse**

The role of the school nurse is to support student success by the promotion of the health and safety of individual students, as well as the promotion of wellness in the school community as a whole.

His/her predominant tasks include collaborating to assist students with chronic health challenges, conducting health screenings and assessments with appropriate health care referrals, providing direct care for acute illness or injury, maintaining accurate records of immunization, implementing measures for the control of communicable diseases, and by providing teaching and training to school personnel as needed.

## General Information

### Classroom Parties

Fall Harvest and Valentine parties are scheduled parties held in the classroom. Due to space constraints, parties will be limited to no more than 5 parent volunteers. No siblings or other students are permitted. Teachers will coordinate with parents regarding allergies and treats.

All parents and siblings are welcome at other building wide events.

Birthday treats must be non-edible. Invitations to a child's birthday party held outside of the school day should not be distributed during school hours unless all classroom students are invited.

### Copyright Infringement

Any use of the Southwest Licking Local Schools trademark must have prior written approval of the superintendent or designee and must be produced, manufactured, or sold under license Southwest Licking Local Schools. See [www.swl.k12.oh.us](http://www.swl.k12.oh.us) for an application for use.

### Entrance Requirements and Enrollment

As required by the Ohio Revised Code, the Southwest Licking Local Schools shall be free to all school residents between six (6) and twenty-one (21) years of age.

A person between six (6) and eighteen (18) years of age is of compulsory school age.

Students entering kindergarten in the Southwest Licking School Local Schools must be five (5) years of age by August 1st of the current school year. A child under age six (6) who is enrolled in kindergarten will be considered of compulsory school age.

The Board may admit to kindergarten such children as may be ineligible by reason of age but demonstrate the ability and need to undertake a program of education.

The Board will designate the necessary standards and testing programs required for such early admission.

A child is eligible for entrance into first grade if s/he attains the age of six (6) on or before September 30 of the year in which s/he applies for entrance and has completed the kindergarten program of this District or an equivalent program elsewhere and has been recommended by the teacher for advancement to the first grade. This requirement may only be waived if a request is made to and approved by the building administrator. The Superintendent shall require that each child who registers for entrance to school provide:

- A. his/her birth certificate or similar documentation authorized by law as proof of age and birth date.

B. a certified copy of any custody order or decree together with any modification in such an order or decree.

If such documents are not provided, the child shall not be admitted and appropriate law enforcement authorities are to be notified.

The Superintendent shall also ensure that each child entering the District's kindergarten or first grade program for the first time has been properly screened for any medical or health problems as well as those related to hearing, vision, speech, and communications (Board Policy 5112).

## **Fees**

Consumable instructional and supplemental supplies are necessary for instruction during the school year. The school charges parents for these supplies by assessing fees. A notice explaining these charges will be sent to parents in September. Each school is responsible for collecting these fees from its students. Parents may pay fees using an installment plan. Unpaid fees are accumulated from year to year and students are not permitted to participate in the graduation ceremony unless all fees are paid. Please send your payment to school with your child or pay with SPS EZpay. See link on the homepage of our website, [www.swl.k12.oh.us](http://www.swl.k12.oh.us). Checks should be made out to Southwest Licking Schools.

If a refund is requested, regardless of who provided the original funds, the refund will be reduced or completely applied to any unpaid student fees for the student and any siblings. Any money in excess of the unpaid student fees will be refunded to the person who made the original payment.

## **FERPA and Directory Information**

The Southwest Licking School District follows the guidelines of the Family Educational Rights and Privacy Act (FERPA) regarding all student records. The primary purpose of directory information is to allow the school to include this information in certain publications. Examples include: playbills, yearbook, honor roll or other recognition lists, graduation programs and sports activity sheets. Under Ohio law, directory information includes the following: student name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, date of graduation, and awards received.

Parents who do not want directory information for their child released must contact the district office in writing and request this information not be released.

## **First Amendment**

Students have the right, protected by the First Amendment to the U.S. Constitution, to exercise freedom of speech. This includes the right to distribute or display, at reasonable times and places, unsponsored written material, petitions, buttons, badges, or other insignia, except expression which:

- is obscene, libelous, pervasively indecent or vulgar;

- advertises any product or service not permitted to minors by law;
- constitutes insulting or fighting words, the very expression of which injures or harasses other people (threats of violence, defamation of character or of a person's race, religion, or ethnic origin);
- presents a clear and present likelihood that, either because of its content or the manner of distribution or display, it will cause a disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

Electronic transmission of words or photographs that violate the above guidelines of protected speech, including those intended to harass or intimidate other people may result in disciplinary action.

### **Fundraising Activities**

The Board permits fund raising by students in school, on school property or at school-sponsored events only when the profit is going to be used for school purposes or for an activity connected with the schools.

Fundraising in school must be approved by the principal.

### **Lost and Found**

Parents are encouraged to print names in or on coats, sweaters, hats, lunch boxes, boots, etc. to help insure safe-keeping. Each school has a lost and found area. Encourage your child to check the lost and found regularly. *Unclaimed items are given to a charitable organization at the end of each quarter.*

### **Posters / Community Announcements**

All posters and announcements must either be approved by the principal or the Superintendent's office.

### **Riding Bikes or Scooters to the Building**

Bicycles must be parked immediately upon arriving at school and remain there until dismissal.

1. Parking of bicycles must be done in the proper location near each building.
2. No bicycles are to be ridden on or around the school grounds during the school day.
3. The school is not responsible in any way for damage or theft of bicycles.
4. If there is a lightning storm at the time of dismissal, students may be required to leave their bicycles and return to pick them up at a less dangerous time.

### **Unauthorized Use of the Building**

Students are not to remain at school after dismissal unless they are part of a school activity supervised by a teacher, advisor or coach. Any student using the building without authorization and supervision will be referred to the local police authorities. No students will be permitted to use the building when school is not in session without authorization and supervision and will be subject to school disciplinary action. Students who remain after discussion to use outdoor recreational facilities do so at their own risk. The school district assumes no responsibility for them.

## Valuable Personal Property

The school district will NOT accept responsibility for the loss, damage, or theft of personal property. Valuable personal property should be left at home. Electronics are to be turned off, kept out of sight, and not used during the school day unless authorized by building policy. The use of any personal property that is contrary to building policy may result in disciplinary action and confiscation of the item(s). At the building leadership's discretion, confiscated items may only be returned to a student's parent or guardian.

## Visitor Information

The Board of Education welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. In order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the schools, it is necessary to invoke visitor controls. State law requires that any person visiting the school must report directly to the office and secure a visitor pass. Parents who wish to observe learning activities taking place in their child's classroom are to confer, 24 hours in advance, with the principal and the teacher.

Parents are welcome to have lunch with their student in the cafeteria. They are not permitted to bring siblings or go to recess. Parents are encouraged to meet with their child's teacher during non-instructional hours to discuss concerns and to obtain answers to their questions. Teachers have regularly scheduled time periods for this type of conferencing. If a parent has a concern, s/he should address the matter first with the teacher, and then, if not rectified, with the principal.

Staff members may not transact business with a person in the school who does not have a visitor pass and has not registered at the school office. Likewise, *no visitor may confer with a student in school without the approval of the principal.*
